AGENCY OF THE
Snn Fire Marine Insurance Co.
San Francisco, Cal.

WM. N. KNOX, Agent,
Reno, Nevada.

WE TAKE PLEASURE IN CALLING your attention to the above named Company, the stockholders of which are among the leading citizens and capitalists of our city and State, many of whom are no doubt personally known in Reno.

Their business and financial standing warrant the confidence of insurers and the "SUN" a reputation second to no company, foreign or domestic, doing business on this coast.

We give below the list of the stockholders, of which this company is composed, which is a safe guarantee; the stockholders' combined capital being from \$75,000,000 to \$80,000,000.

The company will be managed with economy, its risks will be selected with care and it will in all cases be honorable and prompt in the adjustment and payment of its losses.

A feature of this company is, that under its By-Laws, from twenty-five to fifty per cent. of its profits must be laid aside as a reserve fund for the better protection of its policy-holders.

POLITICAL.

DEMOCRATIC CONVENTION

— OF THE —

State of Nevada.

PURSUANT TO THE ORDER OF THE

STATE CONVENTION

Will be held by the Democracy of the State of Nevada at

EUREKA, NEVADA,

— ON —

Wednesday, September 6, 1882,

For the nomination of a

TICKET FOR STATE OFFICERS

— AND —

Congressman-at-Large,

To be voted for at the General Election on November 7, 1882, and for the appointment of a State Central Committee and the transaction of such other business as may properly come before the Convention.

The Convention will be composed of 111 Delegates, which are apportioned among the several counties of the State as follows:

COUNTIES.	DELEGATES.
Churchill.....	2
Douglas.....	4
Elko.....	4
Emeralds.....	8
Eureka.....	10
Humboldt.....	7
Lander.....	5
Lincoln.....	5
Lyon.....	7
Nye.....	4
Ormsby.....	6
Storey.....	29
Washoe.....	9
White Pine.....	5
Total.....	111

The County Committees are requested to appoint a day to elect Delegates and to cause Primary Elections to be held in their respective counties for the election of such Delegates according to the above apportionment, provided no County Conventions are held in their counties before the 6th day of September. In case such County Conventions are held, such County Conventions may elect such Delegates

THE TEST required of voters at the Primaries is that he is, or will be, a qualified voter at the General Election on November 7, 1882, and that he will vote for the nominees of the Convention to be held under this call.

County Committees are requested to promptly forward to the Secretary of this Committee duplicate credentials of Delegates elected to the State Convention.

W. E. F. DEAL, Chairman.
J. A. MAHANNY, Secretary,
P. O. Box 116, Virginia, Nevada. j29td

REPUBLICAN

STATE CONVEN-

TION.

At the called meeting of the Republican State Central Committee of said county held at Virginia, March 14, 1882, it was resolved that a State Convention should be held at

Reno, Washoe County, September 4th, 1882,

And that the apportionment of delegates from the several counties of the State to said Convention should be as follows:

Churchill.....	1
Douglas.....	1
Elko.....	1
Emeralds.....	12
Eureka.....	4
Humboldt.....	4
Lander.....	4
Lincoln.....	4
Lyon.....	4
Nye.....	4
Ormsby.....	4
Storey.....	4
Washoe.....	4
White Pine.....	4
Total.....	97

The following resolutions were also adopted

Resolved, That the delegates to the State Convention be elected at Primaries, and that the various County Central Committees be requested to call and Primaries on Saturday, August 10th, 1882

Resolved, That if a vacancy should occur in any delegation after the Primaries are held, said vacancy shall be filled by the remaining delegates.

Resolved, That any county may elect delegates to the State Convention at a County Convention, the members of which shall have been elected at regular Primaries, held on or before the said 10th of August, 1882.

The following test was adopted and recommended for use at the Primaries: "Are you a Republican, and will you support the nominees of the Republican State Convention?"

ISAAC L. REQUA, Chairman.
ALF. DOREN, Secretary. ap1td

PROPOSALS WANTED.

Leaves Reno daily, Sundays except

CIGARETTE SMOKING.

The percentage of cigarette smokers among the youths of Reno is very large, and even among the grown-up adults, the cigarette claims perhaps twenty per cent. of victims. Cigarette smoking would not be so dangerous and so universally condemned, were the smokers to roll their own cigarettes, as in olden times was the general custom. But nowadays the work of rolling a cigarette is too much for the average American boy, and he prefers the stylishly rolled "Old Judge" or "Vanity Fair," to a home-made article. As a result he inhales smoke from tobacco contaminated with opium, cocaine, indur, hashish or numberless other deleterious drugs. As though this was not bad enough, young boys can be seen every day on the streets puffing away at their cigarette and trying to emulate their elders in the cove art of inhaling the smoke. In view of the fact that cigarette smoking, especially where the smoke was inhaled or blown through the nostrils, was an evil to growing-up lads almost as fatal as the toy pistol, investigations into, and experiments on, the subject were made some time ago. One physician called attention to the fact that if tobacco smoke be instantly ejected from the mouth and throat before descending in to the chest, and be made to pass through a cambric handkerchief drawn tightly across the open lips, a permanent, deep yellow stain, corresponding in size to the opening between the lips, and having numerous spots of a darker hue pervading it, will be left on the handkerchief; but the prolonged puff from the chest after inhalation from a cigarette fails, under similar circumstances, to produce any but a scarcely perceptible and speedily evanescent mark. What in the latter case becomes of the substance which stains? This physician thinks it remains in the lungs, and he therefore condemns the common manner of smoking cigarettes as dangerous.

The Rural Press says evidence accumulates that the present is a very satisfactory year for California, although the rainfall was rather scant, and reduced the aggregate of cereals and fodder crops. Improved values have compensated for less amounts in many cases, and the diversity of productions has given a number of resources instead of the single one which formerly was relied on. California is advancing so fast that a partial drought does not prevent her maintaining her proper place in the yearly progression of values produced from our fields, orchards, vineyards and gardens.

The forthcoming report of the Land Office will show 42,714,888 acres of public lands surveyed during the last fiscal year, as follows: Louisiana, 308,479; California, 1,741,991; Washington Territory, 1,319,059; Oregon, 4,711,983; Utah, 410,584; Arizona, 828,880; Montana, 219,540; Idaho, 263,133; Dakota, 3,125,922; Minnesota, 370,651; Colorado, 11,027,686; Nevada, 4,781,068; New Mexico, 8,484,456; Wyoming, 3,484,271; Florida, 91,869; Ohio, 5,016; Nebraska, 1,038,082.

A meeting of the Eureka Republican County Central Committee was called last Friday night to instruct the State delegates to vote for Kinkaid for Governor and Connor for Congressman. The Committee decided not to do it.

Confederate bonds are in demand once more. A Richmond dispatch of August 31st says the brokers are paying \$7.50 per \$10.00. It is certainly a speculative scheme and will soon explode.

The estimated decrease of the public debt for August is about \$16,000,000. Is the mission of the Republican party yet ended?

Judge D. C. McKinney is suggested for Chairman of the Republican State Convention.

The Washoe Democratic delegation will present the name of Jerry Schooler for Governor.

Books now as though the Democratic "dark horse" would have to be chosen.

The California Republican State ticket is a good one, and ought to be elected.

It should be said to it that her guests are well treated.

The oldest story probably in the United States is the one that warns the half-breed of the hotel in Richmond, Va. was made in England and sent to Richmond in 1790, and warned the House of Burgesses thirty years before it was removed to its present location, where it has remained for thirty years.

MR. DAGGETT IN HONOLULU.

Hein Received With a Torchlight Procession.

[Enterprise 2d.]

Judge Hires yesterday received a letter from Honolulu, Hawaiian Islands, dated August 20, saying that Hon. R. M. Daggett, the long-expected United States Minister, had arrived on the steamer Suez, the night before, and had been received with much enthusiasm by the natives and other residents. There was a brilliant torchlight procession, headed by a brass band, in which all classes of the population joined. Transparencies were numerous. The most conspicuous was this:

Welcome to Our Island Home.

Some of the transparencies were anything but complimentary to the retiring Minister. He is an exclusive, puffed-up style of a man, the people think, and maintained the dignity of his little establishment with more austerity than was thought appropriate in the respect of a Government whose principles are supposed to be founded on the ethics of democracy. After the formal reception by the authorities, Mr. Daggett met a number of former Constables, who are living in Honolulu, all well known to him, and inviting them to a convenient hostelry set up the drinks all around in good Western style, just the same as if he were running for Governor of Nevada. Mr. Daggett's friends think he will be quite a favorite.

Our Servants in Congress

[Carson Appeal.]

Congress was in a humor during its last session to aid by appropriations the erection of public buildings. It assisted thirty-three cities of the Union from the Treasury, aiding in the work to the extent of \$6,732,500. Over \$3,000,000 more went to complete buildings already under way. While the pie is being served round, Nevada, as usual, is left out in the cold, and will not get a dollar. In this connection it is not impertinent to inquire what Senators Jones and Fair and Representative Cassidy were doing in Washington all summer? We would like to see somebody sent to Washington who would turn aside from the gastronomical and social whirl of gay life at the capital, long enough to do something for his sagebrush constituents. Ever since Nevada became a State about all the news from the front has been that Senator so-and-so gave a dinner to some other Senators at which a number of distinguished guests sat down and had a big feed and swill, or that Congressman so-and-so created a sensation by declining a foreign mission or got a speech printed in the Congressional Globe which he never delivered, or seconded a motion relative to the appropriation of some money for the relief of a man in Vermont, but all this while no substantial work has been done for Nevada.

Is There Water on the Moon

In a recent communication, Mr. Helmut Duerberg, of Berlin, presents a new theory of the moon, and argues the possibility of its being inhabited on the further side.

It is well known that the moon always presents the same face to the earth. Because this side of the moon is an airless and waterless desert, we are not justified, Mr. Duerberg thinks in assuming that the other side is like it.

Since the moon does not revolve so as to change the side presented to the earth, and since the attraction of the earth for the moon is very great, the heavier side if there is any, must be turned this way. Supposing the moon to possess air and water, the lighter and more fluent elements of her composition would of necessity be on the further side.

In the absence of any centrifugal force due to rotation on her own axis, the only centrifugal force acting upon the moon must be that resulting from the moon's motion round the earth. This would tend still to throw the moon's air and water to the "out" side with respect to the earth. For a practical illustration of this view, Mr. Duerberg suggests a ball swinging in a circle by means of a cord. The ball, like the moon, will always turn the same side to the center of rotation; and if it is dipped in any liquid, the liquid will be rapidly accumulated on the opposite or outer side. Hence the possibility of water, air and life on the moon, around the shores of a central lunar sea, on the side always turned away from us.

Mr. Woodburn's Platform

Regarding his candidacy for the gubernatorial nomination, Hon. William Woodburn yesterday said to an Enterpriser reporter: "I do not propose to interfere with any prominent candidate, but if the convention decides to nominate an outside man and I can get the nomination, I will take it. This is all." Mr. Woodburn will be in Reno during the convention. He thinks the delegates will hold a caucus, and that it will be known who he or not a y of present candidates can be nominated before the Convention meets. [Enterprise 2d.]

One of the curious industries of the country is the manufacture of wooden platters, plates and trays, which is carried on at Newbern, N. C. The lumber used for this purpose is supplied by the neighboring swamps. A huge log is rounded by a circular plane and then put into a machine, which, with great accuracy and swiftness, cuts off thin strips of the wood. When these strips have been cut into square pieces and thoroughly dried they are made pliable by steam. In that condition they are molded in the shapes desired. The factory is reported to be making 100,000 plates a day.

A young student was asked by his sweetheart, who had an uncommonly thick head of hair, what he thought of it, and he thought he thought it would present a fine field for the study of natural history. They were never married.

The Newer Arithmetic.

[Detroit Free Press.]

James has six apples and divides one among his five brothers and sisters.

How many has he left?

If a quart box of strawberries holds a pint and a half, how many boxes will it take to make a peck, and how quick can a tramp get away with them?

If a farmer can mow six acres of grass in one day, how many hars will it take to mow thirty-eight acres of grass in three days.

A guest at the hotel pays the porter twenty-five cents to take his trunk upstairs, ten cents to a colored boy to bring him a pitcher of water, twenty-five cents further to the porter to get his trunk down stairs, fifty cents to the omnibus driver, and three dollars to the landlord as the regular rate of the house. How much has he been swindled, and what is he going to do about it?

A coal dealer has a driver weighing 185 pounds, who is weighed with 750 loads of coal during the winter. What would have been the gain to the consumers had the driver only weighed 180 pounds?

If a policeman on night duty sleeps an hour and a half each night for thirteen years, how many years of such arduous labor will it take to reduce him to a wailing skeleton?

A father at his death left \$12,500 for the benefit of his only son, 14 years, 8 months, and 12 days old. The money to be paid to him when 21 years of age, with interest at 6 per cent. How much money did the lawyers leave for the boy?

A merchant has a stock valued at \$8,000, and advertises that he will dispose of it at one-fourth off. How much does he make?

Speed of Sound

It has been ascertained that a full human voice, speaking in the open air, can be heard at a distance of 460 feet; in an observable breeze a powerful human voice with the wind is audible at a distance of 15,840 feet; the report of a musket, 16,000 feet; a drum, 10,500 feet; music, a strong brass band, 15,840 feet; very heavy cannoning, 575,000, or 90 miles. In the Arctic regions conversation has been maintained over water a distance of 6,836 feet. In gases the velocity of sound increases in about two feet per second for each degree centigrade. The velocity of sound in oxygen gas at zero C. is 1,040 feet; in carbonic acid 858 feet; in hydrogen, 4,164 feet. In 1827 Colladon and Sturm determined experimentally the velocity of sound in fresh water; the experiment was made in the Lake of Geneva, and it was found to be 4,174 feet per second at a temperature of 15 degrees C. The velocity of sound in alcohol at 20 degrees C. is 4,218 feet; in ether at zero, 3,891; in sea water at 20 degrees C. 4,768. By direct measurements carefully made, by observing at night the flash and report of a cannon at a known distance, the velocity of sound has been about 1,030 per second at the temperature of freezing water.

A sulphur mine in Sicily was recently set on fire in a very curious manner. A wagon loaded with sulphur was being drawn up an incline, when the rope supporting it broke, and the wagon rushed back into the mine at a frightful speed. The rapid motion developed heat enough to set on fire the highly combustible ore, and the flames spread so quickly through the mine that thirteen workmen were unable to escape and thirty or forty others were seriously injured.

Mothers! Mothers! Mothers!!!

Are you distressed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of teething? If so, go at once and get a bottle of MRS. WINSLOW'S SOUTHERN SYRUP. It will relieve the little sufferer as once—depend upon it; there is no mistake about it. There is no mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child. It is perfectly safe and can be used in all cases, and is the best and most famous physician and nurse in the United States. Sold everywhere. 75 cents a bottle.

MISCELLANEOUS

In case of sickness you certainly save money, trouble and all by consulting the most experienced physician. You do the same by selecting the most learned and experienced watch-maker if you have a timepiece, be it a clock or a watch, to repair or to buy. It also requires skill and knowledge to judge the quality of jewelry, gold-ware and precious stones, and claiming to be a specialist and brought up in this business, I can safely promise a prompt performance and strict guarantee of all articles repaired or purchased at my store.

My stock is the most select this side of Sacramento, and it will be my aim to raise still higher the standard of reputation. Respectfully, Wm. Gossard, aug17-1f Virginia St., Reno.

Mono County, Cal., has been added to the District.

Special races will be arranged during the week.

Remarks and Conditions.

In trotting races, any horse distancing the field will receive only first money.

No money paid to any race without a contest.

All entries to running races close September 1st; weights announced September 5th; declaration September 25.

All entries to trotting races close September 10th, at 9 o'clock P. M., at the Secretary's office in J. F. Myers' Drug Store, Reno, Nev.

In all trotting races five or more to enter, three or more to start.

National Trotting Association rules to govern trotting, and Pacific Coast Blood Horse Association rules to govern running races, except otherwise specified.

All entries must be addressed to NATE W. ROFF, Secretary of the Society, Reno, Nevada.

SPECIAL FEATURES.

Ladies' Grand Tournament.

For the most accomplished and graceful lady riders, Wednesday, October 4th, and Friday, October 6th, contestants being required to ride each of these days to secure a prize.

The lady who shall be adjudged first shall have first choice of premiums offered, and so on.

Ladies who have heretofore received first prizes from the Society will be barred from competing for the first prize, but may contest for all other prizes.

It is expected that valuable special premiums will be added by private contributions.

None but ladies of the highest respectability will be allowed to compete for prizes.

Ladies wishing to compete for prizes will please send their names to the Secretary, endorsed by two members of the Society.

A Grand Military Display

Will be made during the forenoon of Thursday, in which the several companies of the State will compete in drilling and military movements.

Prizes in cash are already offered for the best drilled company. Others of value will be added.

Full particulars of the latter display will be published in the printed catalogue of the Society.

T. E. MYERS, President.

NATE W. ROFF, Secretary.

MISCELLANEOUS.

DR. SPINNEY

NO. 10 KERNAN ST.

Treats All Chronic and Special Diseases.

YOUNG

WHO may be suffering from the effect of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. Dr. Spinney will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration to the genito-urinary organs.

Office hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. Consultation free. Thorough examination and advice, \$5.

Call or address.

DR. SPINNEY & CO.,

No. 11 Kearney St., San Francisco

P. S.—For private diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of \$10.00.
